Commissioners:

Official action items on the agenda for the January 16 Board meeting include the oath of office for new Commissioner Phyllis Nichols, Board officer elections for 2025, and a resolution authorizing the disposition of certain electric system facilities. An overview of the resolution is provided below.

Resolution 1503

The University of Tennessee operates and maintains its own electric power distribution system, providing service to various campus facilities. KUB has certain electric utility facilities ("Electric Facilities") on the University of Tennessee campus located on Andy Holt Avenue, Melrose Avenue, and Frances Street. The University is seeking to assume ownership of the Electric Facilities and will manage, operate, and maintain the assets as part of its distribution system. Because of the transfer of the Electric Facilities to the University, I have determined the Electric Facilities are no longer necessary for the continued operation of KUB's electric system or any other system.

Resolution 1503 authorizes and approves the disposition of the Electric Facilities. I recommend its approval on first and final reading.

Respectfully submitted,

RESOLUTION NO. 1503

A Resolution Authorizing and Approving the Disposal of Certain Utility Facilities of the Electric Division of the Knoxville Utilities Board (“KUB”) Located on the University of Tennessee Campus in Knoxville, Tennessee

Whereas, the Electric Division of KUB has certain electric utility facilities along Andy Holt Avenue, Melrose Avenue, and Frances Street as described on Exhibit A (the “Facilities”) on the University of Tennessee campus (the “University”); and

Whereas, the University seeks to assume ownership, management, operation and maintenance of the Facilities, which will allow the University to provide power to these Facilities through the University electric distribution system; and

Whereas, because of their transfer to the University, the Facilities are no longer useful and necessary for the continued operation of the Electric System as it now exists, and are not needed for use by any other KUB system; and

Whereas, pursuant to Section VII of the KUB Procurement Procedures previously adopted by the KUB Board of Commissioners (the “Board”), the President and Chief Executive Officer (“CEO”) of KUB has determined that the Facilities sought by the University are no longer necessary and useful for the continued operation of the Electric System and are not needed by any other KUB system; and

Whereas, the bond resolutions for the KUB Electric Division authorize the disposal of property of the Electric System which the Board determines to be no longer necessary, material to or useful in the operation thereof; and

Whereas, in accordance with the City Charter and KUB’s Procurement Procedures and Procurement Guidelines, the sale or disposal of the Facilities sought by the University, may occur in a manner that is in the best interest of KUB and the Electric Division.

Now, Therefore, Be It Hereby Resolved by the Board of Commissioners of the Knoxville Utilities Board:

Section 1. That the Facilities are no longer necessary, material to or useful in the continued safe, efficient, and economic operation of the KUB Electric System, substantially as it now exists, nor are the Facilities needed by any other KUB system.

Section 2. That the President and CEO or the authorized designee of the President and CEO be, and hereby is, authorized and directed to sell or otherwise dispose of the Facilities in a manner that is in the best interest of KUB and the Electric Division, and consistent with KUB's Procurement Procedures and state law, to execute all documents that are necessary and proper to sell, transfer or otherwise dispose of the Facilities and to do all things that the President and CEO or the authorized designee of the President and CEO deems reasonable and necessary to effectuate such sale, transfer or disposal.

Section 3. That the proceeds of any sale shall be placed into the accounts of the Electric Division in accordance with the Electric System Bond Resolution.

Section 4. That this Resolution shall take effect from and after its passage.
