Re: Traffic Advisory – Lane/Road Closure for Utility Work [All closures and work are weather permitting]

(West Knoxville) Division Street Lane Shift [October 27] – KUB contract crews will implement a lane shift on Division Street between Sutherland Avenue and Cary Street from 7 a.m. – 4 p.m., Thursday, October 27, as work is performed on the water distribution system in the area. Westbound traffic flow will be directed through the work zone with the assistance of flaggers and channeling devices. Follow-up advisories will be issued as necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 445,000 customers.
