Partial Closure of Neyland Greenway
For Wastewater System Work

KUB crews will close a short section of Neyland Greenway from 6 a.m. Wednesday, December 21, through 6 p.m. Thursday, December 22, as wastewater system repair work is completed. The section of greenway that will be closed is an approximately 1,400 foot segment located along Neyland Drive on the northern bank of the Tennessee River (south of Neyland Drive, across the street from KUB's Kuwahee Wastewater Treatment Plant). All other portions of the greenway will remain open. There is no detour available for the closed section of greenway.

KUB thanks City of Knoxville Parks and Recreation for their assistance with this project, and its customers for their cooperation. Customers with questions or concerns can call 558-2331 to leave a message that will be followed-up with a call from a KUB representative by the end of the next business day.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, gas, water, and wastewater services to more than 445,000 customers.
