From: KUB Communications

Re: Traffic Advisory – Lane/Road Closure for Utility Work [All closures and work are weather permitting]

**(Sequoyah Hills) Southgate Road Lane Closures [January 9-20]** – KUB contractor crews will return to Southgate Road over the next two weeks to complete concrete curb restoration following a recent water main replacement project. As part of this work, crews will implement weekday lane closures from 9 a.m.- 1 p.m. on Southgate Road between Scenic Drive and Bluff View Road. Southgate Road will be reopened to traffic outside of listed work hours.

**(North Knoxville) Road Closure- Nottingham Road [January 9-20]** – KUB contract crews will close a short section of Nottingham Road, between Ridgecrest Drive and Westchester Drive, daily, Monday- Friday, from 7 a.m. – 5 p.m., starting Monday, January 9, and lasting through Friday, January 20, as work is performed on the wastewater collection system in the area. All lanes will reopen to traffic outside of listed work hours. Alternate routes include Ridgecrest Drive, Parkdale Road, and Cedar Lane. Local traffic access to driveways will be maintained, and signs will be on site to assist with traffic control.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at [www.kub.org](http://www.kub.org).

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

*KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 445,000 customers.*
