Re: Traffic Advisory – Lane/Road Closure for Utility Work [All closures and work are weather permitting]

(West Knoxville) Hollywood Road Lane Closure [October 24- December 2016] – KUB contract crews will reduce a section of Hollywood Road to one alternating lane of traffic between 704 Hollywood Road and Sutherland Avenue, daily 9 a.m. – 3 p.m., Monday-Friday, starting Monday, October 24, through late December 2016 as work is performed on the water distribution system in the area. The northbound lane will be closed while the southbound lane remains open and is used to alternate traffic through the work zone. All lanes will reopen to traffic outside of listed work hours and on weekends. Flaggers and signs will be on site to assist with traffic control.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 445,000 customers.
