Re: Traffic Advisory – Lane/Road Closure for Utility Work [All closures and work are weather permitting]

(West Knoxville) Wesley Road Lane Closure [November 1] – KUB crews will reduce a section of Wesley Road to one alternating lane of traffic, at its intersection with Kinzlow Drive, from 7 a.m. – 7 p.m., on Tuesday, November 1, as work is performed on the wastewater collection system in the area. Traffic flow in all directions will be maintained, and flaggers will be on site to assist with traffic control. Wednesday, November 2, and Thursday, November 3, will be used as rain dates if necessary.

Some listed closures may extend beyond the scheduled times depending on the conditions encountered during excavation and construction. Appropriate traffic control measures will be in place at each location to assist motorists traveling in these areas. Due to the ongoing presence of workers and equipment, motorists are advised to use caution and expect temporary delays in these areas. More information on this and other KUB construction projects can be found at www.kub.org.

Tennessee's **Move Over Law** requires motorists approaching a utility vehicle with flashing lights to move over if safe to do so, creating an empty lane buffer. When changing lanes is not possible, motorists must reduce speed.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, natural gas, water, and wastewater services to more than 445,000 customers.
